Permanent

Location: London SE1

Carers Trust is the largest UK wide charity for the nation's 7 million unpaid carers. Together with our Network Partner members, we provide support, information, advice and services for children, young people and adults caring, unpaid, for a family member or friend. The number of carers is a growing issue, with 3 in 5 of us likely to become a carer at some point in our lifetime. Carers save the UK economy over £132bn every year and act as a main support to our stretched health and social care systems.

Carers Trust is the leading organisation for young carers and young adult carers and want to grow our capacity to deliver high quality interventions through our Network Partners to support these two groups. To do this we need to increase our leadership capacity by having a job share for our Head of Young Carers and Young Adult Carers.

If you want to work in an organisation whose sole mission is to support unpaid carers across the UK and if you have an interest, as well as knowledge and experience of working with young people and young adults this could be an ideal role for you.

This is a great opportunity for someone interested in joining a successful organisation and team.

An application pack can be downloaded from www.carers.org, If you are having problems downloading the recruitment pack you can request one via email at zina@carerstrusthr.co.uk or telephone 0300 303 3264.

Carers Trust is committed to valuing diversity.
Carers Trust has a number of measures in place to support the carers in its employment including carers leave.

Charity numbers: England and Wales 1145181, Scotland SC042870.
