

Network Support Manager (South) – Secondment / Fixed Term Contract

£40,139.42 per annum (Grade G)

35 hours a week

Secondment until May 31st 2021

Location: Home based

Carers Trust is the largest UK wide charity for the nation's 7 million unpaid carers. Together with our Network Partner members, we provide support, information, advice and services for children, young people and adults caring, unpaid, for a family member or friend. The number of carers is a growing issue, with 3 in 5 of us likely to become a carer at some point in our lifetime. Carers save the UK economy over £132bn every year and act as a main support to our stretched health and social care systems.

We are looking for a Network Support Manager to provide a project management function within the England Network Support team, leading on a number of projects to improve the sustainability and capability of the team and Network Partners.

A varied and exciting role, this role will be involved in every aspect of Project Management, as well as working collaboratively with the England team sharing ideas, experience and expertise. You will also work closely with Network Partners and collate data and intelligence to report back.

The successful candidate will be a self-starter, with strong project management skills and experience you'll be particularly skilled at building, maintaining, and facilitating relationships with key stakeholders including Network Partners. For further information contact Sharon Spurling at sspurling@carers.org

Deadline for CVs / applications – 3rd May at 5pm

Please send through a CV and supporting statement (2 sides of A4).

Carers Trust is committed to valuing diversity.
Carers Trust has a number of measures in place to support the carers in its employment including carers leave.

Charity numbers: England and Wales 1145181, Scotland SC042870.
