Are you a dynamic fundraiser looking for your next challenge? We have a small but highly successful team raising money from Trusts, Statutory and Lottery fundraising and we are looking for the right person to join our team.

Carers Trust is a leading UK wide charity supporting unpaid carers. Together with our Network Partners, we provide support, information, advice and services for anyone who is caring, unpaid, for a family member or friend. We also campaign for positive changes for carers and offer individual grants.

This is an exciting time to join the charity as we deliver our ambitious strategy that will help more of the 7 million unpaid carers across the UK. Funding from trusts, statutory and lottery funders is a significant proportion of our income and continues to grow. The team recently secured £2m in grants from the Big Lottery Fund and European Social Fund and has already secured significant gifts against their 2017-18 income targets.

You will have experience in securing income from one or more of the following: charitable trusts and foundations, central Government and Big Lottery Fund. You will have great written and verbal communications skills, and a good eye for detail.

This is a great opportunity for someone interested in joining a vibrant organisation and very successful team.
